New York State  
Independent Redistricting Commission

To Whom It May Concern;

My name is Brenda Marshall, and I lived at the above mentioned address. I lived in the 41st District, Kings County for over 40 years and worked as a Pollworker for 15 years.

I am respectfully requesting that I remained in the 41st District for the following reasons;

My district is a huge melting pot that provides community interest gear towards each ethnic common interest and value. Example, places of Worship provide immigration assistance, legal counsel, housing, food (pantries) and health care / local clinics for those without insurance. The elected officials in the 41st District have achieved many services for all concerns especially the Seniors and people with disability. Our law enforcement and Block Association work together to provide a healthy and safe environment of all concerns

Removing me from all of the above mentioned, would place me at a loss, just as I turned 65.

Last election I observed first hand what the Redistricting did to too many voters, who felt angry and betrayed. Many voiced their dissatisfaction by being verbally abusive towards the pollworkers and others expressed their opinions openly that they would not vote until they were reassigned to their original polling site.

The changes might appear to those who initiated this plan as simply, but it has created a nightmare. Is this what we do in NY?

Thank You.
