

My name is Amira Ismail. I have lived at 66-25 Garfield Avenue 11377 Woodside, Queens for 15 years. I am 16 years old. I am a full time student at Razi School at 55-11 Queens Blvd. and work at Malikah based in Astoria.

I agree with the Independent Redistricting Commission's plan for Jackson Heights, Elmhurst, and Woodside. The existing redistricting patterns and Woodside's division into two working-class neighborhoods up against wealthy regions, specifically down 69th street. The current maps prevent communities from receiving enough government help since the MFI isn't as accurate as it could be.
