To Whom it May Concern,

I respectfully ask that you do not redistrict Roosevelt Island out of the current NYS Assembly District 76.

Roosevelt Island is deeply connected to the upper Eastside of Manhattan and works closely with AD 76 on a variety of important issues from education to health to environmental issues and a vast amount of improvement initiatives for our community.

Please do not remap Roosevelt Island. Please do not remove Roosevelt Island from AD 76.

Sincerely,  
Christina Delfico  
Resident
