

I'm writing to express my staunch opposition to the redistricting of Greenpoint, that would attach the eastern section of the neighborhood with LIC, Maspeth, Glendale and Rego Park.

I have been a Greenpointer for over 15 years- I've raised a family, sent my children to school, started a new business and lived on both sides of Mcguinness Blvd, both east and west. It is a single neighborhood, and must be represented as such.

Greenpoint is Greenpoint- one neighborhood, with single representation in government. We are a united community, and fracturing our community would do irreparable damage to the support we offer to one another.

I am pleading with you to not move forward with this plan, and please keep our community intact and whole!

Sincerely,
Daniel Michalik
