

CITY OF NORTH TONAWANDA

*Office of the Mayor*

To Whom It May Concern:

As this important redistricting process unfolds, I am writing to the Independent Redistricting Commission to stress the need of Niagara County being represented by a single Senator in the State Legislature.

As Mayor of North Tonawanda, our city and surrounding municipalities greatly benefit from each other's unique attributes, attractions, and resources. From Niagara Falls to the Town of Hartland, municipalities work towards the same goal: to make Niagara County a destination for not only New Yorkers, but for citizens across the country. It is imperative that we are represented by a single, unified voice in the State Senate so we can see this continued success.

Thank you for your time and consideration on this important issue as the commission continues to work on redistricting.

Sincerely,

*Arthur G. Pappas*
